WEATHER FORECAST.—For this section fair tonight and Tuesday; moderate temperature; fresh northwesterly wind.

A PLEASANT SUNDAY.—The weather yesterday was delightful throughout, the cloudy and rainy conditions of Saturday having passed away during the night. The clear sunshine and crisp breeze were greatly enjoyed, and people thronged the streets, or strolled to the environs of the city, the cemeteries and other localities. The infantile generation cooed, crawled and squealed alternately as they were wheeled along, and young men flitted here and there on bicycles. There were numbers of visitors to the city, and almost as many Alexandrians took advantage of the weather to stroll about Washington and visit Arlington. The services in the various churches were largely attended. At St. Mary's Church the services were conducted by Father Ahern, of Winchester. Rev. Dr. G. W. Butler occupied the pulpit at the Second Presbyterian Church. The services at the Railroad Reading Rooms in the afternoon were conducted by E. R. Jones, of the Episcopal Theological Seminary. The pulpit of the other churches were occupied by the resident clergy. In the afternoon two colored persons were baptised in the cove in front of Battery Rodgers.

THE NEW RAILROAD EXTENSION.—Those having in charge the negotiations between the Southern Railway and the Washington, Alexandria and Mount Vernon Railway Company concerning the extension of the road at the extreme southern end of Royal street report progress. It is said by people in a position to know that the ultimate object of the Southern Company is to relieve to a great extent, if not altogether, traffic on Wilkes street, which the new line shall have been constructed. For the last three months there has been a hitch in the legal proceedings necessary before the Southern road can cross the tracks of the electric road, but those having the matter in charge hope soon to clear the way, after which work will be resumed to a point near Roberts' crossing where a loop will be formed by connecting the new track of the Southern road with that of the main stem.

MADE RESTITUTION.—The financial troubles which have stirred up the colored Masons of New England, especially those who took degrees in the Scottish Rite, through the actions of Robert B. Robinson, of this city, who has been deputed to establish consistories in Boston and Worcester, have been settled. It was claimed that Robinson did not account to the Supreme Council in Washington for the fees received for initiations, and he was expelled from the department of Free Masonry. Secretary L. W. Colles, of Washington, went to Boston and secured an indictment against Robinson on charges of embezzlement, larceny, and forgery, and on April 25 the Washington police arrested him. He was taken to Boston, and in the Superior Court pleaded guilty, and offered to make restitution, and pay costs. Satisfactory grounds for clemency being presented, the court accepted his plea and the case was placed on file.

INTERESTING ADDRESSES.—Rev. G. W. Butler, missionary to Brazil, delivered very interesting addresses in the Second Presbyterian Church yesterday morning and last night. The doctor has spent several years of his life in Brazil in the capacity of missionary and physician, and his descriptions of the manners and customs of the Brazilians, and the dangers attending the missionary in many places of that country were listened to with close attention. Dr. Butler, among other things, told his hearers was that he was a southerner and a democrat, having been born in Georgia, but in his missionary labors at the equator he had found it necessary to waive all predilections as to race, color or previous condition of servitude in order to further the cause of Christianity; hence it was often compulsory to eat and drink with white and black alike that the Gospel be not hindered.

POLICE COURT.—The following cases were disposed of today: Edward Higgins, charged with larceny, was committed to jail for examination. Thos. Morris and Benj. Scrivener, charged with being disorderly and fighting. The former forfeited \$5 and the latter was dismissed. Walter Percy, charged with assault and beating James Phillips, forfeited \$5. Wm. Ewen, colored, charged with being a suspicious character, was dismissed. Frank Barrett, charged with being drunk in the street, was dismissed.

NIGHT REPORT.—Last night was clear and cool until 11:30 o'clock when it became cloudy. One prisoner and one lodger were at the station house.

MORE VANDALISM.—Persons owning lots in the cemeteries adjoining this city are again complaining of the vandalism of people who remove flowers from graves. It is said to be a fact that in some cases almost as soon as the cortege of mourners leaves a grave, the epitaph is not too long—poured upon the flowers and ribbons entwining them. Several instances have occurred during the past week or two in which graves have been despoiled, and should the miscreants alluded to be apprehended and brought before the Mayor they will incite but little sympathy from the majority of the community.

COUNCIL.—A semi-monthly meeting of the City Council will be held tomorrow night, when the election of a city engineer will be taken up. It is understood that Mr. E. C. Dunn's name will be presented and City Engineer Holcombe will be a candidate for re-election. The finance committee will also present the license law. It is said that they will recommend an increase of \$10 each in the insurance licenses, making that license \$50 for each company. The revenue derived from this source will be applied to the purchase of an additional fire engine.

Stops the Cough and Works off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

"Our little girl was unconscious from strangulation during a sudden attack of croup. I quickly secured a bottle of Little's Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered." So writes A. L. Spafford, Chester, Mich.

CIGAR MANUFACTURES.—While attention is being directed to Alexandria's growing manufactures the fact should not be lost sight of that the cigar trade is by no means an insignificant one, and contributes its part toward furnishing employment and adding to the city's commercial importance. Some of these factories afford employment to young women, a class which appreciate institutions where light work can be secured. Hundreds of others of the sex would follow the example already set were factories started here needing female labor. With employment for the young of both sexes a decided impetus would follow, as the money they would receive in wages would be kept in circulation, making trade the more lively. The shoe factories, tobacco manufacturers, printing offices and other places now afford employment to a large number of females and with the opening of the overall factory and other places later on the number may be nearly doubled. But the cigar trade was intended as the basis of this item. There are several in this city, the most prominent being those of Hamilton & Co. and B. B. Smith. If not the most prominent, the most enterprising, from the fact that they are regular advertisers and realize that printer's ink is indispensable to success in any business. The brands of goods produced by these gentlemen have long ago established reputations for excellence, and there is a growing demand for them not only in Alexandria but in many other sections. In the old time the tobacco trade was a very important branch of Alexandria's commerce. In fact the nucleus of the city was a tobacco warehouse and this trade may become as important as ever.

PERSONAL.—Mr. B. Frank Woody, formerly of this city, but now of New York, is here on a short visit. Dr. M. W. O'Brien has returned from Mobile, Ala., where he went to attend the meeting of the association of surgeons of the Southern Railway Company. While there he read an interesting and ably prepared paper on a report of a case of ruptured kidney, which won general commendation. Miss Mary Chalmers is quite sick at her home on Alfred street. Mr. Thomas G. Miller, of this city, has been commissioned a notary public by Governor Tyler. Miss Lila Barrett has returned from a visit to Fredericksburg. Mr. James R. Caton, of this city, states that he will be a candidate for lieutenant governor. Mr. Caton made this announcement Sunday afternoon, when he approached later on the subject said he was not prepared to give a decisive answer. Since then, however, he has stated that he was in the field. Mr. Caton is allied with the supporters of Congressman Swanson.

RED MEN.—The Grand Council I. O. E. M., of the State of Virginia will assemble in this city on Wednesday, "the 15th sleep of the Flower Moon," and continue in session for two days. The committee on reception consisting of Messrs. Samuel Couvillier, Jr., chairman; Geo. W. Dix, Chas. Nagel and W. A. Richardson have completed their arrangements for meeting the various incoming delegations both by rail and boat. Mayor Simpson will deliver the welcoming address at Sappia Hall Wednesday morning at 9 o'clock. A special train has been engaged to convey the visiting fraternity to Mount Vernon during the afternoon of Wednesday, leaving Alexandria about 2 o'clock. Arrangements have been made for the accommodation of the delegates during their stay in the city at the Exchange, Concordia and Hotel Apollo.

BASEBALL.—The baseball team representing the Emerson Institute of Washington was defeated Saturday afternoon by a score of 13 to 6 by the Episcopal High School team on the high school's grounds near this city. For the high school the batting of Campbell and Crawford were features, the latter being credited with a home run. Waters pitched a good game, striking out four men. Walker pitched a fine game for the Emerson Institute. The batteries were: For the high school, Waters and Carter; Emerson Institute, Walker and Boughn.

THE VIRGINIA ROD AND GUN CLUB baseball team yesterday defeated in a well-contested game a picked team from Alexandria and Washington by a score of 11 to 8 on the club's grounds at Four Mile Run.

According to the arrangements made they will be the guests of different members of the Episcopal churches here. A preliminary service will be held at Christ Church on Tuesday night when Rev. Dr. Evans, of Richmond, will preach the sermon. One of the most important actions of the council is the selection of delegates to the Episcopal council which meets in San Francisco. As heretofore stated, Bishops Whitte and Gibson are expected to be present.

COUNTY MEETINGS.—The precinct meetings to be held in the county tomorrow night by the democrats to nominate delegates to the gubernatorial convention promises to be quite exciting. The candidates in favor of Montague for Governor are Robert Veitch, William Ball, Capt. Crandall Mackey, A. S. Doniphan. Those in favor of Swanson are Curtis Graham, Oscar Herron, Andrew Lipscomb and Walter U. Varney.

COUNTY SUPERVISORS.—The regular monthly meeting of the Alexandria county board of supervisors was held at the courthouse this morning. A number of bills, including several in connection with smallpox cases, were ordered to be paid. In the telephone question the Home company was given a contract for another year, and the Bell company was allowed to keep their phones in the courthouse for another year as a toll phone.

WILL PROBATED.—In the Corporation Court today the will of the late W. F. Creighton was admitted to probate, and his widow, Mrs. Hattie V. Creighton, qualified as executrix. The deceased left his estate, valued at \$5,500, to his widow during her life and at her death to his three children.
